

INTEGRATED MOBILE BROADBAND SOLUTIONS

MBK-50

The MBK-50 is an intelligently designed portable 4G/LTE networking system configured with dual embedded LTE Advanced 600 Mbps 4G LTE modems. These modems support worldwide, SIM-based, auto-carrier selection. The MBK-50 provides both 802.11 wireless and ethernet networking options.

The MBK-50 is integrated into a mil-spec case with a custom storage locker. The unit is powered by the 4K Rugged Power Center LifePo4 battery power management system which provides an estimated 5 - 6 hours of run time.

MBK-50i (Integrated)

- Antenna RF ports and two ethernet ports extend to the exterior of the case.
- Designed to utilize external antenna systems.

MBK-50fi (Fully Integrated)

- Internal OEM antenna mounting/storage.
- Two ethernet ports extend to the exterior of the case.
- Designed to operate as a close-lid solution.
